About Blood Bank:

MGBC is a Component Blood Bank with also facility of Aphaeresis and approved by FDA. Maharashtra govt.

We are city blood banks meant to arrange and provide blood to patients admitted in various hospitals in Mumbai. Hope you are aware that blood is mostly needed for serious conditions like leukemia, cancers, accident cases, victims of road and railways mishaps, various surgeries. anemia's thus being a very critical product in saving human lives.

In addition to this we also are running a *thalassemia day care center in our hospital wherein we have adopted kids suffering from thalassemia major, a medical condition in which a child is dependent on blood transfusion every 15 days, to survive.*

We are also supporting CTC (comprehensive thalassemiacenter) a first center in India to have taken up the cause of identifying , diagnosing giving entire blood support and bone marrow transplantation for thalassemia patient's.

We have been providing blood to these kids completely free of cost along with other medical services.

This entire medical activity that can be possible only by active participation from its citizens as every day more than 900 units of blood is required for the city. It really becomes very challenging for us to manage this dearth of blood.

The concept of committed and regular blood donation being inculcated at the college level will make them surely morally responsible towards the society.

We really appreciate and thank you for such a noble initiative and culture developed since last 15yrs of our association now. Our earlier MOU from 2008 to 2018 is nearly ending and hence we are hereby renewing it for further 10 yrs.
