Expert talk on Awareness of Cyber Crime

On 15th of January, 2019, Clara's College of Commerce organized an Expert Talk on Awareness of Cyber Crime.

The event was organized with an aim of spreading awareness on cyber crime among students. The speaker for the event was Mr. Sachin Dedhai. This event witnessed a participation of over 100 students.

Mr. Sachin Dedhai explained that every citizen is living in two worlds simultaneously. One is the "REAL" world and the other is the "VIRTUAL" world. While existing in the real world we take all security precautions possible to remain safe and secure. On the contrary while existing or operating in the virtual world the average citizens take no self-security precautions while operating in this world and they even do not know the legal provisions (IT ACT) that govern the legitimate use of the cyber space and virtual world.

He discussed the various categories of cybercrime giving several live examples there by creating awareness to the students on what cybercrime is and how to avoid being a victim of cybercrime. He also enlightened them to report a crime around them, so that the percentage of crime can be cut down. He educated the students by giving tips and countermeasures while using internet, so that they do not become a victim of cybercrime and discussed IT Act 2008 laws.

Relevant queries were arises from the side of students and faculty delegates. They got justified answers from the speakers. The interactions were very relevant and meaningful. Participants would be benefitted with this event.

The program ended with a vote of thanks by a Faculty member.
